2 SCHEME OF DELEGATION

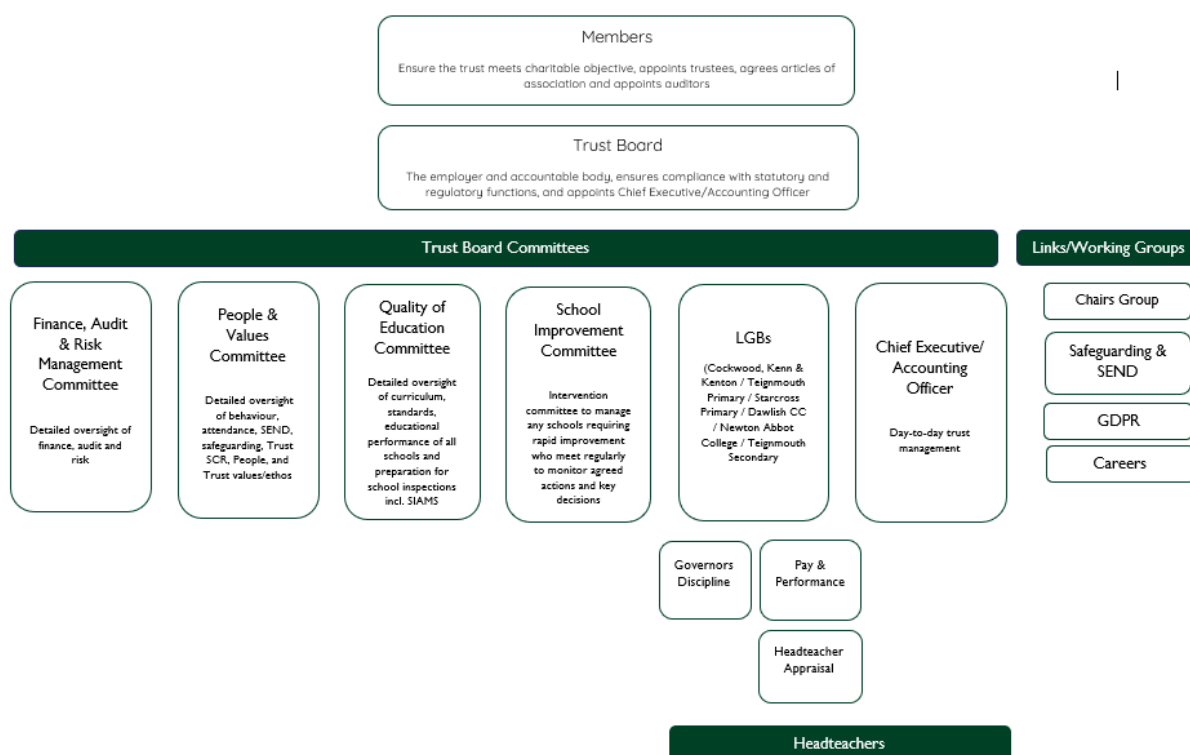

This Scheme of Delegation (SoD) identifies the key decisions required in connection with the overall governance and management of the Trust and its schools.

The SoD sets out the delegation by the Trustees under Article 105 of the Trust’s Articles of Association. It is designed to set out clearly the respective roles and responsibilities across all layers of governance. The different layers of governance are explained in more detail in section 4 (Layers of Governance: Roles and Responsibilities) of this SoD.

This SoD should be read in conjunction with the Trust’s Articles of Association and all terms of reference.

This SoD will be reviewed on an annual basis by the Trust Board, or more frequently if required. In the event that any material changes are proposed to this SoD, the Trust Board will have regard to any representations of the Local Governing Bodies (LGBs). However, this SoD may only be altered or revoked by the Trust Board.

3 GOVERNANCE OVERVIEW

4 LAYERS OF GOVERNANCE: KEY ROLES AND RESPONSIBILITIES

The Trust is a company limited by guarantee and in accordance with the Academies Act 2010 is an exempt charity.

The Trust's three core layers of governance are Members, Trustees and Trust Board Committees that includes Local Governing Bodies. We have set out in the table below an overview of the key roles and responsibilities across the different layers of governance.

Role	Description of Duties
Members	<p>Guardians of the governance of the trust, holding trustees to account and ensuring the charitable objective is fulfilled.</p> <p>Agree the trust's articles of association, appoint and remove trustees (with exception of co-opted trustees) and external auditors.</p> <p>Receive the annual report, accounts and other information.</p> <p>To ensure there is clear separation between layers of governance, members should not also be trustees.</p>
Trust Board	<p>Legally accountable for all statutory functions and performance of all the schools within the trust in accordance with the provisions set out in the Articles of Association and this SoD. The trust creates information pathways between the trust board, the LGBs and the chief executive. The Trust Board must ensure:</p> <ol style="list-style-type: none"> <li data-bbox="518 1361 1476 1615">1. Strategic leadership of the academy trust: the board defines the trust vision for high quality and inclusive education in line with its charitable objects. It establishes and fosters the trust's culture and sets and champions the trust strategy including determining what, if any, governance functions are delegated to the local tier. <li data-bbox="518 1666 1476 1919">2. Accountability and assurance: the board has robust effective oversight of the operations and performance of the academy trust, including the provision of education, pupil welfare, overseeing and ensuring appropriate use of funding and effective financial performance and keeping their estate safe and well maintained. <li data-bbox="518 1971 1476 2040">3. Engagement: the board has strategic oversight of relationships with stakeholders. The board involves parents,

	<p>schools and communities so that decision-making is supported by meaningful engagement.</p> <p>As mentioned previously, the Trust is a company limited by guarantee and an exempt charity. Conflicts of Interest

A conflict of interest is any situation in which a Trustee's personal interests (or those of a person or body connected to him or her), influence or appear to influence or affect that individual's decision-making.

As the Trust is both a private company and an exempt charity, the Trustees have two sets of similar duties to avoid conflicts of interest. The first duty derives from the charity law duty imposed on Trustees by virtue of their positions as charity law Trustees. The

second duty derives from company law and is imposed on Trustees by virtue of their position as company directors under company law.

Essentially, the Trustees have a legal obligation to act in the best interests of the Trust and in accordance with the Trust's Articles of Association, and to avoid situations in which there is an actual conflict of interest or where it is reasonably perceivable that an actual conflict could emerge.

5 INTERVENTION TRIGGERS

The Trust is ultimately responsible for all aspects of the provision of education in accordance with its legal obligations. The Trust desires to delegate many areas of decision making to individual schools but reserves the right to change the level of authority delegated in order to fulfil its legal obligations.

For schools Ofsted rated level 1 (Outstanding) and level 2 (Good), the Trust Board delegates high levels of autonomy to the LGB as set out in section 6.

However, if at any time:

- a) Ofsted or Statutory Inspection of Anglican and Methodist Schools (SIAMS) rate the school as a level 3 (Requires Improvement) or 4 (Inadequate/ineffective as a church school);
- b) the school is predicted to have or has an in-year material deficit budget except where any such deficit is planned and has been approved in advance by the Trust Board;
- c) an event occurs at or in relation to the school which is significantly damaging to the reputation of the Trust;
- d) the LGB does not act in a way which would be considered appropriate behaviour for a governing body by the Trust Board;
- e) any event analogous to the above events occurs at or in relation to the school; or
- f) the number of appointed governors falls below two-thirds of the recommended positions available,

then the Trust Board may, at their discretion, decide to alter or revoke the authority delegated to the LGB until such time as the Trust Board is satisfied that the event that has occurred has been rectified or ceases to cause concern. When making such decisions, the Trust Board shall have regard to any representations made by the LGB.

In addition, the CEO will use key performance indicators (KPIs) as a tool for determining where support is required. If having identified support the school's performance continues to be of concern, the Trustees may alter or revoke delegated authority.

6 TRANSPARENT DECISION MAKING

The Trust is committed to maintaining an objective and transparent decision making process, and wherever possible the TGO shall publish the minutes of the proceedings of the Trustees in accordance with the requirements of the Trust's Articles of Association.

Where a recommendation is passed to the Trustees by a LGB for consideration and is subsequently rejected, the Trustees shall, wherever possible, provide the LGB with its reasoning to support the relevant decision. If, with sufficient revisions, the LGB believe that a matter can be referred back to the Trustees for reconsideration then the matter shall be raised with the Chair of the Trust Board for review at the next practicable opportunity.

Delegated Powers for Urgent Decisions and Chairs' Action

Where an urgent decision is required in the interests of the Trust and there is insufficient time to convene a meeting of the Trust Board or LGB, the CEO and the Headteacher of the relevant School have delegated powers to make urgent decisions as follows:

- The CEO in consultation with the Chair of the Trust Board
- The Headteacher in conjunction with the CEO and the Chair of the LGB

An urgent decision is one where a delay would be likely to be seriously detrimental to the interests of the Trust, any pupil at a school within the Trust, or their parent/carer or a member of staff.

All urgent decisions will be reported to the next meeting of the Trust Board or relevant School. A record of an urgent decision and the reason for urgency will be recorded in the minutes.

Exceptions to Chairs' Action include discontinuing (permanently closing) a school, approving the budget, agreeing policies regarding the management of staff, admissions decisions, or the reinstatement of a pupil who has been permanently excluded.
